

**FAST FINISHER 7 – HELPING HANDS**

1. Read and answer the questions.

**SCHOOL PROJECT**

This year we want to raise money for our classmates who don't have enough money to go on the school trip. We want all our classmates to participate in this amazing trip. We are going to work in a school project with the help of our teacher. The idea is to organise a bake sale and a fundraising food stand.

We organised three groups:

- Group one is going to bake or buy cakes. We need to sell at least 30 cakes.
- Group two is going to prepare pizzas. We need to buy cheese. We don't need to buy flour or tomato sauce. And we need our parents' help to make them.
- Group three is going to prepare healthy snacks. We are going to sell fruit salad, veggie tacos and cereal bars.

We need to raise as much money as possible, so that all the students can go on the school trip!!!

1. What are the students going to organise?

.....

2. Who is going to help with the project?

.....

2. Read the sentences and say if they are T (True) or F (False) based on the text in Activity 1. Then, correct the false ones.

	T	F
1. The students are going to raise money for the football championship.		
2. They are going to organise a bake sale and a fundraising food stand.		
3. Group one is going to prepare healthy snacks.		
4. Group two is going to prepare pizzas.		
5. Group three is going to sell mango snacks.
